

# 'Ōhi'a Seed Conservation Workshop

Maui

**T**his workshop is part of a free series in the Rapid 'Ōhi'a Death Seed Banking Initiative, which aims to expand capacity for collection and banking of 'Ōhi'a seeds across all islands in response to the ROD crisis. It is free and open to anyone who wants to learn how to properly collect, handle, and process 'Ōhi'a seeds, without doing harm to trees or forests, using methods that protect seed viability and ensure conservation value for future restoration.
